Work Experience

Robotic Application Development Engineer
Banco Banreservas (Oct 2021 – Apr 2024) **Full time**

In Automation Anywhere, I specialized in automating various processes such as "Pre-approved Credit Cards" where we achieved the goal of 1 million cards per year. I was also responsible for maintaining new and/or existing processes that encountered any errors.

Jr. Developer
Disacomp SRL (Jan-Apr: 2020) **Internship**

Here, we were tasked with extracting and displaying data from an API, and then presenting it through tables using ASP.net technology.

Technical Support Assistant in IT Infrastructure Support
Banco Banreservas (Oct-Dec: 2017) **Internship**

As an assistant, they taught me various methods support methods for both part: Software and Hardware.
